Unbilled Fight in House

Punch-Swinging Encounter Between Representatives Over Housing Act

WASHINGTON, June 22—(P)—A punch-swinging encounter between 83-year-old Rep. Sabath (D-Ill) and Rep. Cox (D-Ga) took place on the House floor today, touched off by dispute over the administration's housing bill.

An eye witness, Rep. Walter (D-Pa), said Cox, who is in his 60s, snatched Sabath in the mouth and knocked off his glasses.

He said Sabath countered with a one-two right and left to Cox's face before they were parted.

The unbilled one-round came during a quorum call to get more members to the floor for the start of debate on the housing bill.

Walter said it began in an argument over whether Sabath would give Cox time to talk.

Bitter Debate

There had been a bitter previous debate with Sabath jumping on the "real estate lobby" and pleading with the House to help "deserving American citizens" who are crying for housing.

Then came the quorum call. That stops business and reporters in the gallery over the chamber went outside to write. The scrap between Sabath and Cox sent them rushing downstairs to the floor where Walter told them that this happened:

Sabath was sitting down at a table when Cox came up, leaned over and asked for 10 minutes to make a speech.

Sabath, as chairman of the rules committee, is portioning out time for debate over what rule the housing legislation shall be considered under.

Called Him a Liar

Sabath told Cox he didn't have that much time.

Cox called him a "liar."

Then Walter went on:

"Cox slapped him in the mouth and knocked off his glasses. Sabath jabbed him back, a right and a left to the face. A pair of beauties."

About then, Rep. Delaney (D-N.Y.) jumped in between them with his 200 pounds. Cox walked away but came back in two or three minutes.

Sabath motioned him off with a hand and a crowd of congressmen gathered around to stop any further fist swinging.

Neither Sabath nor Cox would leave the floor to talk with reporters at first.

Cox has been one of the leading foes of the housing measure. He was the only one to make a speech against it at a Democratic caucus yesterday.

A Party Meeting

This was a party meeting that voted 147 to 8 to support a low rent public housing program but only after trimming it from the 1,050,000 units in seven years asked by President Truman to \$10,000 to be built in six years.

As the members kept coming in to answer their names and to resume debate, Cox went over again to where Sabath was sitting and the two conferred with plenty of gestures.

Cox moved away and sat down laughing.

Whether peace was restored was not clear to onlookers.

The trimming down the Democratic meeting agreed to yesterday would cut federal subsidies for low-rent housing from a top of \$100,000,000 a year to \$300,000.

Lions Club Talks Over Activities

The Sedalia Lions club met at the Bothwell hotel at noon today, and held a general discussion of matters pertaining to the local organization. Paul F. Haasen, president, presided over the meeting.

Installation of officers will be held on Wednesday night, June 29, at a 6:30 dinner to be held at the Bothwell. At that time C. Earl Hovey, patent attorney, Kansas City, will be the principal speaker on the program. Members will be permitted to take guests to this meeting.

Dr. Neal Howman, New York City, was a guest of John Zander.

Thought for Today

The rising winds
And falling springs,
Birds, beasts, all things
Adore him in their kinds.
Thus all is hallowed
In sacred hymns and order,
the great elation
And symphony of nature.

Every Business Establishment Comes Under Ruling

JEFFERSON CITY, June 22—(P)—Missouri teachers would be eligible for more extensive benefits under a bill passed by the senate yesterday. The measure now goes back to the house to work out senate changes.

The bill changes the top amount upon which a teacher can pay from the present salary of \$1,800 to \$3,000 a year. Also changed is the benefit formula. A teacher who now gets \$1,800 a year after 40 years of teaching could draw a monthly pension of \$84 instead of \$75, the present rate.

Kelley asked the defendant, why, as their kissless romance continued, she hadn't asked the Russian, "Val, how are you coming with your citizenship?"

"You don't think I would marry anyone who wasn't an American citizen," she shot back.

Would Not Marry A Russian

"Did you discuss with him going to Russia?" Kelley asked. "No," she replied, "I wouldn't marry a man who was attached to the Soviet ideal."

As the cross examination went on, with Miss Coplon and defense attorney Archibald Palmer both making heated objections to Kelley's questions, the prosecutor shifted to the subject of Gubilchev to papers found in her purse when she was arrested in New York last March 4.

First, however, Miss Coplon acknowledged that Shapiro was with her when she picked out a Christmas tie for Gubilchev in 1948. Miss Coplon admitted yesterday she spent nights with Shapiro in Baltimore and Philadelphia hotels and in a Washington apartment.

Kelley asked her to look at confidential FBI reports from which Miss Coplon had notes in her purse. She agreed that the notation on each report said it was not to be distributed beyond the agency to which it had been sent.

Chief Lueck, City Collector, said that 3420 passenger stickers, sold up to 1:00 o'clock this afternoon.

The police officers have been alerted to be on the lookout for Sedalia cars without stickers. Anyone who doesn't have that little red badge on the windshield will be tagged and required to pay a penalty.

Band Concert Thursday Night

Kroeneke's concert band will give a band concert Thursday night at 8:00 o'clock at Library Park. The following program will be rendered March 127th Infantry Regiment by J. Prindl, Overture; II Trovatore by Verdi, Buttons and Bowes by Ray Evans, Waltz, Band Played Out by C. B. Ward, March, Zacatecas (Mexican March) by G. Codina, Serenade of the Bells by A. Urbano, Waltz, Crashing Down the River by Eddy Arnold, Selection of War Songs, Far Away Places by Larry Stock, Tell Me a Story by M. Siegler, Novelty, Fox Trot by E. Sedalia Parking Meters Are Being Given an Overhauling

The Sedalia parking meters are being given an overhauling and within a few days all should be in first-class working condition. George Juneau, 1509 South Ingram avenue, has been appointed the mechanic to handle the repairs of the meters, and reports that with the exception of a few which new parts have been ordered, all are now in good working condition.

Juneau, a veteran of World War II, recently completed a course in repairing and building the mechanisms of the meters at the Dual Parking Meter Co. factory at Canton, Ohio. For several days a factory representative came to make necessary repairs and at the same time give the motorist full time credit on the meter.

releasing him to take full charge of the local operations.

Several changes have been made in the money slots on the dual meters especially since these were installed in Sedalia. These new slots are being ordered to replace the old slot on local meters and make it easier for motorists to get in or out pennies and nickels in the meters.

A motorist who parks his car and tries to put coins into the meter and should it not be working, is requested to step to a telephone and call police headquarters (811) and report the meter out of order. Each meter has a number on it. Juneau will go immediately to that meter and repair it.

The monthly Cancer Clinic will be held in the basement of the judges home at the Bothwell Hospital Friday afternoon at 1:00 o'clock. Dr. J. L. Lattimore, Topeka, Kas., and Dr. W. J. Walker, Kansas City, will be the examining physicians.

The cancer committee is composed of Dr. E. L. Rhodes, chairman; Dr. Carl Siegel, Dr. Gordon Stauffacher, and Dr. W. A. Beckwith. This committee will aid in repairing several meters before time credit on the meter.

Polio Increasing in San Angelo, Texas

SAN ANGELO, Texas, June 22—(P)—Eight more polio patients were in San Angelo hospitals today. Texans were warned the disease is increasing over the state.

"We have reports of 107 cases for the week ending June 18," said State Health Officer Dr. George W. Cox. "That's too many. There were only 97 the week before."

At San Angelo five persons were dismissed, leaving 88 cases under treatment.

Cox said the total number of cases of polio this year is 570 from 89 counties. Last year during the same period there were 502 cases from 50 counties.

Acheson Asks For Action From Congress

On Atlantic Treaty And the Arms Assistance Program

WASHINGTON, June 22—(P)—Secretary of State Acheson appealed today for action at this Congress session on the Atlantic treaty and the arms assistance program. He got backing from Senator Vandenberg (R-Mich.).

Vandenberg, Republican leader on foreign policy matters, said "Congress can't adjourn without acting on both."

Acheson met with the Senate Foreign Relations committee behind closed doors to discuss, among other things, the outcome of the Big Four Foreign Ministers conference in Paris.

Later he issued a statement which said he told the Senators the results "emphasized" the need for "Congressional action" at this session on the pact and the arms program.

Vandenberg, giving reporters his own opinion, said later:

"We can not leave any twilight zone in a subject of this major importance to the world."

Must Act on Both Matters

Congress, Vandenberg went on, must act on both matters before this session quits.

Acheson's statement said action is needed to keep the momentum of what already has been accomplished by American programs in Europe. He added:

"This is necessary in order that we may continue our firm policy in Europe and maintain the momentum which has been stimulated by that policy," Acheson said.

"This morning, in my opinion, was responsible for lifting of the (Berlin) blockade, the covering of the council of Foreign Ministers and the accomplishments at that meeting."

Reported to Committee

A day after his return from Paris to attend a meeting of the Council of Foreign Ministers, Acheson gave a report to the Senate committee at its two hour session. He issued a 250 word statement to reporters afterward which said:

"Prior to my departure for Paris to attend a meeting of the Council of Foreign Ministers, I met with the Senate Foreign Relations committee in executive session, outlining the programs we expected to face and discussing our plans. We have just met again with the members of the committee. I reported upon the conference and discussed with the committee the possible effect of developments at the conference on our plans for the future."

"I have taken this opportunity to express to the committee my conviction that although some worthwhile progress was made at Paris in reaching agreement on a modus vivendi for Germany, and on the principle points of difference on the Austin peace treaty, the failure of the Berlin blockade, the convening of the Council of Foreign Ministers illustrates the still widely divergent views on basic issues between the Soviet Union and re-emphasizes the utmost importance of ratification of the North Atlantic pact and passage of the military assistance program at this session of Congress.

Necessary to Confer Policy

"It is necessary in order that we may continue our firm policy in Europe and maintain the momentum which has been stimulated by that policy. This momentum, in my opinion, was responsible for the lifting of the Berlin blockade, the convening of the Council of Foreign Ministers meeting and the accomplishments at that meeting."

Others approved were:

Eugene W. Couey of Sedalia as a member of the board of probation and parole, Couey was re-appointed to the job by Smith.

Leo J. Clavin of Salzburg as state purchasing agent. He replaces William L. Smith. Clavin is an organization which opposed adoption of the 1945 con-

sidered an organization which opposed adoption of the 1945 con-

stitution.

Frank L. Woodward of Kansas City as a member of the state real estate commission. He takes the place of Vincent J. O'Flaherty of Kansas City. O'Flaherty had been reappointed by Smith but was killed by a committee.

The New Jersey agriculture department said the crop outlook, despite the month-long drought, appears "favorable."

The state sweltered yesterday as the mercury hit 98, a record for the date and the hottest day of the year.

The first day of summer also brought record breaking temperatures to many other eastern cities.

Many other eastern cities also reported record breaking temperatures and their highest reading of the year yesterday.

Hot In Boston

The mercury bubbled to 98 at Boston. That also was the top mark at Philadelphia. New York felt just as hot with a top of 94. And it was only one degree lower at Albany and Syracuse, N.Y., and in Washington and Harrisburg, Pa.

Both the 98 at the Baltimore airport and 94 in the city were highs for the year. One person died and nine others were treated for heat prostration. In Detroit, some 17,000 auto workers were idle for the second straight day yesterday by "heat strikes" at the Chrysler and Kaiser-Frazer plants. Detroit reported hot and humid weather, a top of 98.

Fail to Find Rev. London

The Rev. Holland B. London, crusading Nazarene preacher, of St. Louis, failed to appear before the grand jury, Tuesday either on subpoena or voluntarily. This morning Sheriff John Taylor received a report from Sheriff Thomas F. Callahan, St. Louis, that the grand jury subpoena was not served.

The subpoena was returned with a notation, "I have failed to find within named Holland B. London," signed "Thomas F. Callahan, Sheriff."

Alpha Alpha chapter of Nu Phi Mu sorority entertained twelve guests Wednesday evening, June 22, with a progressive dinner. Each guest was called for at her home by members of the sorority in cars which were decorated as taxicabs. A night club theme was carried out in decorating and the name of a famous restaurant was printed on a large sign in front of each home visited. The colors of the sorority, blue and silver, were also used extensively in decorating.

Assembling first at the home of Mrs. Robert Langford, the group was served chilled juice with water on small tables by candle light depicting the atmosphere of the 1920s.

The guests were then taken to the home of Mrs. Fred Wall where a fresh garden salad was served on tables covered with linens, cloth decorated with pink roses. Soft music was furnished by a record player on one side of the room while guests and members dined at "The Waldorf". The group then drove to the Brown Derby, the home of Mrs. Dorothy Garrett, for the main course. A menu of Virginia baked ham, poached green beans, or sauteed potatoes, candied apples, a trifles plate, hot rolls with butter and jelly, and tea was served in buffet style. A crystal bucket tied with blue and silver ribbon and containing pink roses was the centerpiece of the table. Cry tall candle holders holding blue candles were on each side of the floral arrangement. The girls were then seated at card tables covered with white and silver luncheon cloths. Blue napkins with the silver letters "NU PHI MU" on each corner and miniature menus in the shape of brown doilies were at each place. Miss Garrett was assisted in serving by her mother, Mrs. Ellis Garrett.

The dessert course was served at "The Stock Club" the home of Miss Betty Elsworth. Slices of ice cream and cake rolls were served. A floral arrangement of pink and blue tulips and baby's breath, flanked by candle sticks, a lace fabric octagon, and the table.

St. Louis Police Quell Fights In Park There

White Boys And Negro Youths In Riot After Swim

ST. LOUIS, June 22 (AP)—Six persons have been injured in a series of fights between groups of whites and Negroes in a North St. Louis park Tuesday.

Chief of Police Jeremiah O'Connel said a crowd of between 4,000 and 5,000 persons was milling around in the area.

One of those injured—a white man—was Holland Edbar, 20. He was stabbed and is reported in a critical condition in City Hospital.

Police Sgt. Oscar Dreschel who led the first detachment of police to the scene, said the fights started between about 250 white boys and 50 Negro youths.

Mayor Joseph M. Durst rescinded a one-day old order banning segregated swimming in public parks and playgrounds.

About 400 police were rushed to the scene about 7 p.m. (EST).

Reporters at the scene said most of the fighting involved teenagers. Many adults were standing by, watching.

At least one automobile was damaged—windows broken and headlights smashed. A riot squad of police broke up the group of about 60 youths gathered around the car.

Sgt. Dreschel said between 200 and 250 white boys and about 50 Negroes were in the park when the first fight started. He said many of the white boys carried clubs and stones and were hitting the Negro youths.

He said police ordered all boys found with clubs out of the park (Fairgrounds) and forced the 50 Negroes several blocks away.

Swimming in the pool began at regular opening time of 1 p.m. (EST). The Negro boys and about five times as many white boys swam together for 45 minutes.

The trouble started when some of the Negro boys left the pool. A group of white youths struck at them with ball bats and heavy sticks.

One Negro boy received a cut head.

Bicycles Damaged

One policeman reported he took a swing knife from a 16-year-old white boy.

Advance Easing Anti-Strike Law

JEFFERSON CITY, June 22 (AP)—Pro-labor protests subsided Tuesday to permit house advancement of a measure easing somewhat the provisions of Missouri's utility anti-strike law.

There was little debate Tuesday before the bill was pushed forward to position for final passage. Twelve days ago, pro-labor representatives argued that amendments being offered by the bill's sponsor were not identical to amendments they had agreed to. They said Rep. Wallace Cooper (D) of Johnson county

was trying to "put something over."

But Tuesday, having studied Cooper's amendments, they voted no opposition and the bill was advanced.

Patterned generally after the National Labor act, it provides a system of mediation in case a dispute develops between labor and management in a vital public utility anti-strike law.

If the dispute cannot be settled amicably the governor is empowered to take over and operate the plant.

It would protect the seniority of workers involved in the dispute.

In Missouri's utility anti-strike act now workers involved in an unsettled dispute would lose their seniority.

The measure also eliminates the provision that the striking union and its officers could be fined for each day the plant is not in operation.

PRODUCTIVE HEIGHTS—Everybody thought that as soon as the war was over U.S. production would reach unprecedented heights. But it just didn't work out that way. This newscast shows when the postwar production peak of homes, automobiles, household appliances and steel was reached. Extremely heavy production of household items has substantially increased the U.S. standard of living, but production of homes and autos is lagging and has not gone up to wartime predictions. Surpassing even their war mark, shipments of steel rose to record heights. The comparatively late peak for cars and steel are the result of widespread strikes and shortages in those industries in 1946. (Data from the American Iron and Steel Institute.)

Several bicycles, many belonging to Negroes, were badly damaged.

The Rev. Ellis J. Hough is pictured in his home in Kansas City, after his attorney filed a \$30,000 damage suit at Rockport, Mo., against the Fairfax, Mo. The suit asks \$10,000 punitive damages and \$20,000 positive damages for injuries allegedly received by Hough when he was struck by Dressler during an argument. The argument was precipitated by a proposed marriage ceremony which a Missouri couple asked Hough to perform in the Fairfax Methodist church, of which Dressler is the pastor. Hough is former pastor of the Presbyterian church at Tuckie, Mo.

Trim Bill On
Public Housing

By FRANCIS M. LAMAY
WASHINGTON, June 22—(UPI)—House Democrats voted 147 to 8 in party meeting Tuesday to support a trimmed-down version of President Truman's big and controversial housing program.

"This means the bill will pass," said Rep. Walter (D-Penn.), who presided at the session.

However, in the informal show of party strength, 100 Democrats did not vote or did not attend the so-called caucus.

The Democrats who did vote decided to trim the number of low-rent public housing units to be built from 1,030,000 in seven years, as requested by President Truman, to 610,000 to be built in six years. This would cut down the annual federal subsidies involved from a maximum of \$400,000,000 a year to \$300,000,000. The Senate voted a similar reduction in the units before it approved the bill two months ago by a 57 to 13 vote.

House approval would give Mr. Truman his biggest victory since Congress convened in January for its domestic welfare program.

House debate opens in the house tomorrow. Decisive voting may occur Friday.

No efforts were made at today's caucus to bind the 201 house Democrats to support the administration bill.

RED ARRESTED — László Rajk, 40, former Hungarian minister of foreign affairs, was denounced as an American spy by the official newspaper of the Hungarian Communists in Budapest. Arrested with 10 "accomplices," Rajk was earlier expelled from the Communist Party. Western diplomats believe he is a victim of a Cominform purge for putting Hungary's interests before the Soviet Union's.

Belgian Seamen
Fatally Scalded

DUNKERQUE, France, June 22—(UPI)—Five Belgian seamen were scalped to death by scalding steam Tuesday while in the channel boat, Princess Astrid, carrying 415 passengers, across a mine in the English channel and sank.

Twenty passengers were injured. Six persons, including two women, were taken to a hospital. The passengers were settling down to bridge games and naps in deck chairs one hour out of Ostend when the explosion occurred.

The seamen were trapped in the engine room by scalding jets of steam unleashed by the explosion. Their bodies went down with the ship. Five other seamen were injured by the steam. The mine took a hole in the ship's underside.

Other channel boats and a lighter rushed to the accident only four miles off the French coast and took the passengers aboard.

A spokesman for the line said the 415 passengers and 70 crewmen were aboard when the Princess Astrid struck a mine that supposedly had been floating around treacherously since the war.

The passengers said there was no panic but some of the children aboard were frightened when electricity in the dining room crashed to the floor. The children ran into the open screaming because of the noise, the passengers said.

Jennings, a 32-year-old oil well driller, was found dead at the base of an oil well being drilled by Harry S. and Marlon E. Connally, and W. A. Grant and Elaine Grant, all of Kansas.

Mrs. Jennings' petition alleged that Jennings died in fall from the derelict floor to the ground 12 feet below. It cited the lack of handrail on one side of the steps and alleged steps leading to the derelict floor were improperly constructed.

Cleanup Bill On Appropriations

JEFFERSON CITY, June 22.—A cleanup appropriation bill, totaling \$141,436, was introduced in the Missouri House Tuesday.

It represents the final regular

demands on the state treasury for the coming two year period. It's a conglomeration of rebates on gasoline taxes, liquor licenses or stamps and lesser items—a sort of hodge-podge of small state obligations.

Included in the bill are items to take \$515,922 out of the general revenue, \$115,619 out of the school funds, \$606,466 out of highway funds and \$177,463 out of state funds.

Rep. Fred Ray (Columbo, D) of St. Louis, appropriations committee chairman, said he understood an effort would be made by a bloc of representatives to set from \$2,000,000 to \$5,000,000 added to public school funds.

Bill Boosts The Pay Of Patrol

House Passes A Retirement Plan Bill On Tuesday

JEFFERSON CITY, June 22.—(P)—A bill boosting the pay of Missouri highway patrolmen was passed by the state senate Tuesday. The vote sending it to the governor was 27-0.

The total strength of the patrol would be raised 31 men to 200. Patrolmen's uniform allowances would be increased from \$10 to \$15 a month.

The new scale would give the superintendent \$6,000 a year, captain \$4,200, lieutenants \$3,800, sergeants \$3,300 and troopers \$3,000.

Meanwhile, the house unanimously approved a bill Tuesday giving highway patrolmen and employees in the state Highway Department a retirement system.

By a vote of 117-0 the house passed and sent to the senate the bill which would let any employee in either department retire at the age of 60 if he had had at least 10 years service.

Rep. F. E. Robinson (D) of Knox county, the author, said 33 states now have such a law including neighboring states of Illinois, Iowa and Arkansas.

Employees Pay Cost

Rep. Henry Andrae (R) of Cole county told the house it would provide an incentive for young engineers to go to work for the highway department. The cost would be borne by the employees themselves and money from the highway department fund.

The house changed its mind about regulating airports in Missouri. It passed and sent to the senate a bill giving the division of resources and development power to regulate all airports except those already controlled by the federal government or small passenger airports.

The vote was 103 to 6 with 7 not voting.

Earlier the same measure was killed by a 63 to 15 vote.

Rep. Meredith Gaeton (R) of Lawrence county, the author, said one half of the aviation deaths in Missouri happen at the uncontrolled airports. He said regulation would save from 8 to 10 lives a year in the state.

In other action the house:

Killed a bill which would have made dog owners liable if their dog bit anyone who was on their own land or on public property.

Killed a bill to increase burial benefits for workers covered under the Workmen's Compensation law from \$150 to \$400.

Directed a measure which would have required commercial trucks and trailers traveling more than 25 miles an hour to have mud guards.

Rural representatives opposed the measure, claiming it would be too expensive for small farmers to put them on their trailers and small trucks.

Grocers Meet, Hear Reports Of Convention

The regular monthly meeting, at 1 p.m., last meeting, for the summer of the Sedalia Independent Retail Grocers Association was held Tuesday night at the Shryack-Wright Grocery Company. About 750 guests included delegates of grocers from Columbia and Jefferson City.

The association's delegates to the 9th Anniversary Convention of the National Association of Retail Grocers held last week at Avery Park Chicago, Glenn Lewis and Edward Anderson reported in detail on the convention. A total of nine attended from Sedalia and the registration total for the convention was in excess of ten thousand.

Many Exhibitors

More than 100 hundred exhibitors displayed their products and services, it placed end to end, went have reached over 4 miles long.

The business sessions of the five day convention included panel discussions on various phases of food's operation and practices of the industry spoke of special interest to retail grocers. News concerning the Civilian Conservation Corps to expect in the fall in Russia and the status of the atom bomb. Convention test papers included complete breakfasts, luncheons and dinners at 100 shows at Chicago leading hotels. Also delegations visited Wrigley Field, the home of the Chicago Cubs.

Due to the large registration of the National Association of Retail Grocers now attacks, few cities in the country are large enough to handle the convention. As a result the 1950 convention will also be held at Chicago.

So far a group voted last night to hold all day Monday, July 4th at noon. Thursday, August 2d which will be Sedalia Day.

Following the business session refreshments were served through the courtesy of Shryack-Wright Grocery Company.

Stage Show at The Liberty

FORT SMITH, Ark., June 22.—(AP) A conscience-stricken brother's story has reopened an investigation into the wartime slaying of an eight-year-old boy here.

Sheriff Prentiss Maddux said Charles Owens, 18, came to his office yesterday to relate how he accidentally shot to death his brother Preston on Nov. 20, 1944.

The boys and a third brother, about four, found a pistol in their home, Maddux said. Owen told him.

The boy took the name "DeKalb Folks" from the fact that they maintained headquarters at DeKalb, Mo., operating their song publishing, radio broadcasting and personal appearance enterprises in there.

In addition to the stage entertainment, the Liberty will present Bing Crosby in "Pennies from Heaven."

the bandits forced those who had entered the bank into the vault's second room and closed the inner door which is unknown to the robbers had a safety latch on the inside. They then shoved the big outside door that was jammed on a removable steel ramp leaving an opening of about four inches. When the prisoners of the vault heard the front door close they came out into the front part of the vault and began shooting at passers-by until they attracted someone's attention who went for help and finally led to the release of the trapped in the safe.

From where I sit... by Joe Marsh

How Would You Say It?

Curley Lawson's cousin from back East and a few of us got talking when he was here visiting, and I couldn't help noticing how different he said things.

For instance, he said, "Lifting that 200-pound bag of cement almost killed me!" "You mean sack of cement?" asks Curley. (That's the way we'd say it.) "No," interrupts young Elliott who'd spent a lot of time down South. "He means a 'poke of seg-mint'."

It was good for a chuckle, anyway. Bag, sack or poke—we knew

Education Feeling Pressure Of Communistic Concern

By James Marlow

WASHINGTON, June 22—(UPI)—Step by step, education in this country is beginning to feel the pressure of the national concern about communism.

As the pressure grows, inside and outside the schools themselves, angry arguments become intense over this question:

How far can academic freedom—freedom to teach and search for truth—be interfered with without damaging, terrorizing or destroying it?

Here are some examples of recent events:

1. Seven professors were fired from the University of Washington for being members of the Communist party.

2. The University of California has ordered its 4,000 teachers to take a new oath of loyalty to the United States.

Educators Issued Report

3. A week ago 20 top educators—including General Dwight Eisenhower, president of Columbia University, and Dr. James B. Conant, president of Harvard, issued a report which said:

Members of the Communist party should not be employed as teachers.

The reasoning behind those three steps was this: A Communist party member has no academic freedom anyway; he surrendered intellectual honesty when he joined the party and

now, sheep-like, does what it tells him.

But all three steps dealt with the teaching done by teachers, not with what teachers did outside a classroom. Now that element has been added.

DAMAGE OUTSIDE SCHOOLROOM

In a sharp letter to President Conant of Harvard—who says Communist teachers shouldn't be hired—Frank B. Ober, who graduated from Harvard in 1913 and now is a Baltimore lawyer, said:

"Anyone familiar with Communist methods knows that most of the damage from teachers is done outside of the classroom, made possible by the influence gained in the classroom."

"Similarly, I believe a professor's efforts to aid Communists gain greatly from his prestige as a professor, and it is not reasonable to close one's eyes to such extracurricular activities."

Ober is the father of the anti-Communist law recently passed by the Maryland legislature. In his letter he complained bitterly about two Harvard professors, Harlow Shapley, who teaches astronomy, and John Ciardi, who teaches English composition.

Ciardi, he said, spoke at a meeting of Henry Wallace's Progressive party, to fight the anti-Communist law sponsored by Ober; Shapley, he said, spoke at the New York meeting of the "Cultural and Scientific Conference for World Peace," where this

country's foreign policy was attacked.

Wants Loyalty Program

Ober wants Harvard to set up its own loyalty program. He said: "The test of a professor's actions ought not to be whether he can be actually proved guilty of a crime. Reasonable grounds to doubt his loyalty to our government has, if it chooses to exercise it, regulatory power over education."

Conant answered briefly that Harvard's long tradition of letting its professors act as private citizens will remain unchanged. He turned the job of a full answer over to Greenville Clark, New York lawyer, Harvard graduate of 1903, and a fellow trustee of Harvard.

Put in its briefest form, Clark's answer to Ober's idea was "No thanks." He reminded him that the meetings attended by Shapley and Ciardi were public and open to the press. And he said:

Harvard "believes that the members of the faculties, in their capacity as citizens, have the same rights to express themselves as other citizens, and that those rights should not be restricted by the university by trying to keep a 'watch' on professors."

Ran Into Trouble

Meanwhile, the house un-American activities committee stuck its fingers into education and ran into hot trouble. The chairman, Rep. Woods, Georgia Democrat, had written a letter to a number of schools and colleges.

In it he asked for a list of text books used by the schools. His committee wanted to see whether

the books were slanted in favor of Russia. Immediately, some of the most important educators denounced this interference in education by the committee.

The committee has been given an editorial searching, President Truman cracked at it, and now sent out.

Inquiry Order On Report Of Fee Being Paid

Story \$1,000 Had
Been Accepted To
Help On Contract

By Arthur Edson
WASHINGTON, June 22—(AP)—A three-pronged investigation was ordered Tuesday after a report that a wartime heat col. got a \$1,000 fee as a down payment on work he said he would do helping a client land a government contract.

The report was in today's issue of the New York Herald Tribune. Jack Steele, in a copyrighted story, said that James V. Hunt, so-called management counselor here, had accepted a \$1,000 fee from Paul Grindie, president of a Framingham, Mass., furniture factory.

Grindie was quoted as saying that Hunt, who was an official in the war assets administration after he left the army, had implied he had considerable influence around Washington.

According to Grindie, Hunt tossed off the names of several prominent Washingtonians, as if he were on friendly terms with them.

Among those mentioned, Grindie said, were Maj. Gen. Harry H. Vaughan, military aide to President Truman; Secretary of Defense Johnson; and Jess Ladd, former war assets administrator who recently was named federal works administrator.

"Supply Expense Money"

Grindie said he gave Hunt \$1,000 and agreed to supply him an additional \$500 a month for expense money—plus 5 per cent of the gross amount of any contract he received. The agreement was signed May 9, 1949.

But, the story said, Grindie kept a record of all conversations, and turned these records over to the Herald Tribune.

As a result, investigations were ordered by:

Secretary of Defense Johnson. He said he wanted to see whether anyone has received "percentage contracts with the national military establishment."

Admiral E. M. Mather, who succeeded Larsen as head of the war assets administration. He said the story would be investigated thoroughly (war assets has the job of disposing of war surplus supplies which originally had cost billions.)

And Chairman Hoey (D-N.C.) of the senate investigating committee also called for a "complete investigation of all the facts."

Johnson issued a statement saying that buying by the armed forces is conducted "openly, without favoritism, and under established procedures." He said he hopes business men will help ex-

STEINHAGEN ON FIRST—As first baseman Eddie Waikus of the Phillies lay in a Chicago hospital fighting for his life, Cook County jail authorities permitted Ruth Steinhausen, 10, the "infatuated" fan who shot and seriously wounded Waikus, to play baseball with fellow inmates in the prison yard. Here, Ruth plays her favorite position—first base.

pose those who claim they have lots of influence.

At the office of J. V. Hunt and Co. here, a secretary said Colonel Hunt would make no comment until he had had a chance to talk with his lawyer.

In a senate speech today Senator Tobey (R-N.H.) demanded that congress take action at once against "these grafters," who used their claimed influence to get government contracts during the war,

Bill To Increase Pay Of Magistrates

JEFFERSON CITY, June 22—(AP)—Every magistrate in Missouri would get a salary increase under a bill advanced by the House Tuesday.

Rep. John R. Clark (D) of Jackson county, author of the bill, said the increase would amount to about \$600 a year in second, third and fourth class counties. Magistrates in Jackson and St. Louis counties would be hiked from \$5,000 to \$7,500 a year.

The house also tentatively approved a measure transferring \$8,000,000 from general revenue to postwar reserve fund to carry on the state's proposed new building program.

For A Broader Retirement Plan

JEFFERSON CITY, June 22—(AP)—A bill broadening the state teachers' retirement system was passed by Missouri Senate Tuesday.

It is the third of his name—grandfather, father and son—to own the farm occupied continuously by the Ellis family since June, 1844, when the first William came to Missouri from Virginia.

He is now making his home with his daughter, Mrs. Morton Tuttle, and family, living in a tenant house on the place since the family residence was destroyed by fire early this year. His health is fair and his mind alert.

The bill based retirement benefits and salary contributions on top sales of \$3,000 a year, instead of \$1,000 as at present. It also changes the benefit formula so that a teacher who was getting \$1,000 a year after 40 years of teaching could draw a monthly pension of \$84 instead of \$75, the present rate.

The house sought to make the retirement system cover all school employees, including janitors and secretaries. But the senate took them out, limiting the system to teachers.

W. H. Ellis Observes Ninety-ninth Birthday

PRairie HOME, Mo., June 22—(AP)—William H. Ellis of Woodland Farm near here observed his 99th birthday Tuesday.

He is the third of his name—grandfather, father and son—to own the farm occupied continuously by the Ellis family since June, 1844, when the first William came to Missouri from Virginia.

He is now making his home with his daughter, Mrs. Morton Tuttle, and family, living in a tenant house on the place since the family residence was destroyed by fire early this year. His health is fair and his mind alert.

The next meeting will be at the home of Mr. and Mrs. Oscar Kueffel, in July, at which time the club has voted for picnic.

Death To Former K. C. Postmaster

KANSAS CITY, June 22—(AP)—William E. Morton, 68, postmaster here from 1924 until 1933, died Tuesday.

Born in Renick, Mo., he moved to Kansas City in 1906. He became a clerk in the postoffice, studied law and became active in politics. He was chairman of the Republican county committee in 1924.

Morton was secretary of the Standard Jack and Jensen Registry of America for 40 years. He is survived by his widow, Mrs. Valeda Morton.

Absentee Votes For Missourians

JEFFERSON CITY, June 22—(AP)—About 100,000 Missourians in Washington could cast absentee ballots under a bill passed by the state Senate Tuesday. It goes back to the house for action on senate changes.

The law now says only those within the state on election day may vote an absentee ballot. The new law would let a citizen vote from anywhere. Bedfast persons also could vote absentee.

But if a person returned to his home county or recovered from illness he would have to vote at the polls and his absentee ballot wouldn't count.

Mrs. Rimel Hostess To West View Club

Mrs. Gerald Rimel was hostess to the West View Extension club on Thursday afternoon, with ten members and two visitors, Mrs. Otto Meyers and daughter, present. A flag day program was given with Mrs. Ernest Milburn in charge of the program. Roll call was answered by describing "my wedding dress". Refreshments of cake and iced tea were served during the social hour.

The next meeting will be at the home of Mr. and Mrs. Oscar Kueffel, in July, at which time the club has voted for picnic.

Strike of Union Electric Workers Settled

ST. LOUIS, June 22—(AP)—A strike of Union Electric company office workers, which threatened to cut off half of the power for the St. Louis area, was settled tonight. Some 100 workers in Alton and

East St. Louis offices left their jobs today and set up picket lines around the Cahokia and Venice power plants in Illinois.

**Lutherans to
Have Campaign**

SPRINGFIELD, O., June 23.—With \$341,000 of his area's goal scheduled to go to institutions toward which Kansas and Missouri churches give support, the Rev. L. H. Steinhoff, Seattle, Wash., has been named Western States director for the \$8,000,000 campaign the United Lutheran Church in America will hold for its 24 colleges and seminaries in 1950.

Or the \$365,500 to be raised in Mr. Steinhoff's 15-state region; \$10,500 will go to Midland College at Fremont, Neb., and \$30,500 to Central Lutheran Theological Seminary in the same city. These institutions will also receive \$175,000 from the special aid fund which will be raised by Lutheran churches throughout the country.

Midland and Central are both supported by the 115 NLCA congregations in Kansas and also by congregations in Arkansas, Missouri, Colorado, Oklahoma, Nebraska, Texas, South Dakota and Wyoming. In addition, Midland is supported by churches in Arizona, California, Nevada, Oregon and Washington. Iowa churches also support Central.

Newis have the power to replace eyes and legs lost in accidents.

More than one-third of the accidents each year in American farms occur in the homes.

Announcements

In LOVING MEMORY of our dear son and brother, J. L. Moore, who passed away one year ago today.
He left so soon, with me forever. The pain was hard to bear; God called him home, it was His will.

To wait upon coming there,
Sadly missed by parents, sister
and brothers.

Lone Elm Club Has
Pot Luck Supper
The regular monthly meeting of the Lone Elm 4-H club was held June 10th at the home of C. G. Schlobach.
After a pot luck supper the regular business meeting was called to order by Daniel Ballah. The boys projects were discussed and plans were made for the next meeting.

Games were played and songs were sung by the group, after which the meeting was adjourned.

Electric eels are not eels, but are called so because of their shape and resemblance to true eels.

The economic loss from accidents on American farms is estimated at one billion dollars a year.

Safety experts say that accidents to farmers cause enough lost time annually to produce more than half of the average annual U. S. wheat crop.
